

Miriam Matthews Biography

I was born and raised in the Pacific Northwest, but knew Alaska would be my heart's home as soon as I stepped off the plane way back in the early 1980's. Living in Alaska is not for everyone, but it is definitely for me! A pilot myself, many of my stories involve aviation, strong female characters and the cultures and legends of my wild, untamed Alaska. I write romantic suspense, paranormal romance and historical romance and enjoy weaving intricate plots with current events or cultural legends or myths. You can find my books at your favorite digital provider. You can take a sneak peak, or read the first chapter of all of my novels on Amazon or my website miriammathews.com.
